No – I haven't sent yet. I thought I would send in a couple of days when you had gotten the generic IA off your desk since you can process the WAFs until the generic is in place – right?

Subject: WAF SOW

I don't see the SOWs for the WAFs in my email. Did you send?

Subject: Generic IA SOW for USACE - Upper Animas

Here is the revised SOW for the Generic IA with USACE. I will send you the final SOWs for the 2 WAFs later this week – I asked Liz to review and comment on those by Wednesday. I'm also working on the IGCEs with USACE for the WAFs.
